

## Letter from the MHOAA President

September 2007

I would like to take this opportunity to thank all of the people at APAC in Minnesota for the great job they did putting on this year's MHOAA annual meeting.

We started this year's gathering with a board meeting on Thursday September 13, 2007, in the evening. On Friday morning, everyone was invited to attend the informational programs which were scheduled to run all day and again on Saturday until 6:00 PM.

I would like to personally thank all the states that attended this year's MHOAA annual meeting. I am sure I will miss one or two and please forgive me if your one of them. Here are a few of the States that sent people to attend; New Hampshire, Delaware, Florida, Illinois, Ohio, Texas, Minnesota, Wisconsin, Montana, Idaho, Oregon, Washington and California.

We all agreed that we needed to work on increasing the MHOAA membership and we are optimistic that we will be able to accomplish this endeavor during this coming year. We had several States attend that are not members and I am sure they went home with a more positive feeling about the association and our goals. It is my hope that these states will become active members and join our group; their input will be appreciated.

We are very pleased that Paul Bradley from New Hampshire and Dave Anderson from Minnesota have agreed to work with the board as advisors. These two very busy gentlemen are the guiding force behind the last two annual meetings (with the help of their staff) and they did a fantastic job.

The MHOAA Board has also committed to have our newsletter published three or four times during the next year. We have also agreed to have a conference call meeting once a month starting in October: communications is a very important part of what we do.

Although the time & place have not been determined, we will let everyone know as soon as possible, where and when next year's annual meeting will be.

Here are the results from this year's election:

Charlie Gallagher, President
