

## **Letter from the MHOAA President**

March – April 2007

We have finalized many of the details for the 2007 MHOAA annual meeting and Betty Bailey has provided me with a preliminary schedule, which I have included below.

- 9/13/07 Thursday
  - Check in 3:00 PM – earlier if available
- 9/14/07 Friday
  - 9-10:00 Registration – Breakfast Buffet
- 9/16/07 Sunday
  - 8:00 – 9:00 MHOAA – board breakfast
  - 9:00 – 12:00 MHOAA Annual Meeting – (15)
  - 12:00 – Open socializing

I hope that we will have a good turnout as the good people of Minnesota have put together a very informative program. We will send out more specific details about the programs they have put together soon, look for it in the next newsletter and on the website.

We would like to see all the member states send one or two people to this meeting. Last year our meeting in New Hampshire was a very informative and this years meeting should be very informative from what I have heard concerning the planned events.

I realize we have not been able to send out a newsletter in a while and I apologize for that. Ed Speraw, who was going to put together the newsletter, has been very sick. Ed was in the hospital for three weeks but is home now. He has to take it easy for the time being. I am going to try to gather the information needed to get the newsletter out in his absence.

However, I would hope that we are able to share some of what is happening in our regions and States by e-mailing one another or via our conference call sessions or postings to the website. I know that here in Florida we are in the middle of the current legislative session and it is my understanding Delaware is about ready to start their session.

It is my hope that what ever comes out of these legislative sessions will be shared with all of our members and potential members. I will do my best to try to keep everybody up to date and I hope you will too.

Thank You

Charlie Gallagher, President  
Manufactured Home Owners Association of America
